CRP INDUSTRIAL NAMES BRIAN PINGLETON AS REGIONAL SALES MANAGER

Cranbury, N.J., September 2012 – CRP Industries Inc., a North American supplier of high-pressure paint spray and industrial hoses, as well as synchronous belts and specialty electric motors, has named Brian Pingleton as Regional Sales Manager for CRP Industrial. The announcement was made by Guy Renshaw, Vice President of CRP Industrial, who noted that Mr. Pingleton’s focus will be on CRP’s industrial products business and the development of a distribution base.

Renshaw stated, “Brian comes to us with a wealth of talent and experience in sales and account management with one of the nation’s leading companies in the power transmission market. We look forward to his valuable contribution and are confident that he can help us to achieve our goals.”

Mr. Pingleton will have sales responsibility for CRP Industrial’s program of belts, hoses and motors. He will also be responsible for assisting in the development and implementation of sales and marketing plans to penetrate targeted markets through strategic distribution partners in North America.

Brian Pingleton, Sales Manager,
CRP Industrial

Brian Pingleton has over fourteen years experience in the industrial power transmission industry. Prior to joining CRP Industrial, Pingleton worked as Major Account Manager at Dayco and Carlisle Transportation Products. There, he managed and grew the South Eastern U.S. distribution base and OEMs for all power transmission lines.

Mr. Pingleton holds a Masters of Business Administration from University of Phoenix as well as a Bachelors of Business Administration from Eastern Kentucky University.

CRP Industrial is a division of CRP Industries Inc., one of NAFTA’s largest suppliers of specific industrial accessories and applications, and has been a proven partner to the North American industrial hose market for more than 20 years, specializing in custom orders for high-pressure thermoplastic hose. The group consists of four diverse specialty product groups: Tudertecnica rigid mandrel hose, ContiTech industrial belts, Perske electric motors, and Reinflex high-pressure thermoplastic hoses. With the support of warehouses in the USA and Canada, CRP can fabricate and ship an order in as little as 24 hours.
